(b)(6),

Please see below:

From 7/19/2005 there were a total of 5253 contractor parking permits in the database.

2005: 5
2006: 40
2007: 56
2008: 2193
2009: 2012
2010 - present: 947

Let me know if you have any questions.

Thanks,

(b)(6)

The parking database has changed from two different agency from 1981 (my arrival) to 2005 when transition to PFPA. We never has tracked or annotate on a parking application a check box field for consultants; therefore, we do not have that data. The information I can provide from past knowledge and PFPA IT database are as follow:

Contractor - 5,253 (see attached)
Media spaces - 1981 to 2003, 35 designated spaces
- 2003 to 2009, media/visitors parked on a first-come-basis in one parking area; nothing set aside just for the media
- 2009 to present, 36 designated spaces Media parking permits issued - ranged from 20-30
