Encl: (1) ~~(S/NF)~~ (b)(1) [redacted] (b)(1)
(2) (U) 3 Compact disks containing autopsy photos
(3) (S) Translated letters signed by [redacted] dated 6 Jun 06, 7 Jun 06, and undtd
(4) ~~(S/NF)~~ (b)(1) [redacted] (b)(1)
(5) Disks containing Camp Delta SOP

1. (U) In response to your letter delivered to this office on 12 Jun 06, please find enclosure (1) –(5).

2. (U) We believe that NCIS has been provided all videotapes, but will confirm and provide any additional tapes by close of business, 13 Jun 06.

3. (S) In addition to the foregoing, I anticipate having additional letters translated by the afternoon of 13 Jun 06. The difficulty we have run into is that the copies we were provided cut off the right side of the page. Please note that we are treating copies of the translated letters as "LIMDIS" materials and providing them to individuals within the JTF (including the JDG) with a need to know based upon their role in maintaining good order, discipline, and security within the camps. Finally, we have provided a copy of the Camp SOP to [redacted] via SIPRNET today. NCIS b7c

4. ~~(S)~~ With regard to the request contained in para 3 of your letter, please be advised that the product you seek will require an intelligence analysis, which would constitute an intelligence assist to law enforcement. Request an opportunity to speak with you about that portion of your request to determine if there is another way to satisfy the request.

5. (U) I have been advised that the JDG has today provided physical evidence that was collected in Echo Block and Camp V. Can you please confirm so that we can check these items off the list of deliverables to NCIS. Additionally, is it possible to have the actual items photographed and returned to the JTF for purposes of detecting similar devices in the future.

6. (U) Thank you again for your letter and all of the superb efforts of your entire team. The JTF stands ready to provide our full cooperation and assistance as your investigation proceeds.

Subj: REQUEST FOR ASSISTANCE

1. This shall confirm that yesterday, 14 Jun 06, we delivered a videotape of the events of 10 Jun 06 to you. The video is the only tape the command holds relating to the events under investigation.

2. This shall also confirm that earlier today we delivered to you: (1) a matrix depicting the ISN's of detainees that have attempted/successfully committed suicide, as well the dates of such events and the manner in which they undertook such events; (2) a brief given on 11 Jun 06 relating to the events of 10 Jun 06; (3) the menu for the evening meal served to the three detainees who committed suicide on 10 Jun 06; and (4) the Camp Delta Guard Mount Orders issued since 15 Jun 05.

3. With regard to NCIS' seizure of mail that is contained in the personal effects of detainees to search for evidence associated with the events of 10 Jun 06, please be advised that there are two types of legal mail that potentially could be among the personal effects of some of the detainees. One type is mail to and from habeas counsel. The other type is mail to and from Commissions defense counsel. We bring this to your attention so that the team that NCIS has selected to act as a "taint team" reviewing the seized material will be fully informed as to its nature. The detainees represented by Commissions counsel are ISN's (b)(2)
The detainees represented by habeas counsel can be identified by the Office of DoD General Counsel, Legal Counsel. Specific questions concerning the types of mail that may be contained in detainees' personal effects should be directed to the Office of DoD General Counsel. We defer to NCIS legal counsel matters associated with attorney/client privilege that may attach to communications that may be contained in the personal effects of detainees.

DECLARATION OF CAROL KISTHARDT

Pursuant to 28 U.S.C. § 1746, I, Carol Kisthardt, hereby declare:

1. I am the Special Agent in Charge, Southeast Field Office, Naval Criminal Investigative Service ("NCIS"). I have served in this position since May 2004. In this capacity I supervise all NCIS investigations within the jurisdiction of the Southeast Field Office, which includes Georgia, Florida (less the Pan Handle), the Caribbean (to include the U.S. Naval Base at Guantanamo Bay, Cuba), as well as South and Central America. The following declaration, which is based on my personal knowledge or information supplied to me in my official capacity, pertains to the investigation that was initiated at my direction into the deaths of three detainees at the U.S. Naval Base at Guantanamo Bay, Cuba.

2. After the detainee suicides of 10 June 2006, the Naval Criminal Investigative Service (NCIS) initiated an investigation into the circumstances of the suicides at the U.S. Naval Base at Guantanamo Bay, Cuba. The NCIS is the primary criminal investigation service of the Department of the Navy and is responsible for investigating unattended deaths on U.S. Naval installations. The Navy has primary jurisdiction over Guantanamo Bay, Cuba.

3. On 10 June 2006, NCIS found what appeared to be handwritten suicide notes on the deceased detainees' persons. NCIS conducted searches of the detainees' cells and discovered a handwritten note hidden in the mesh wall of one of the deceased detainee's cell which, when translated, was found to be related to the suicides. That note was written in Arabic on notepaper that had been stamped "Attorney Client Privilege," on the back of the paper, and after translation was found to have been written by someone using a name different from the name of the detainee who lived in the cell. NCIS investigators

EXHIBIT (142) [illegible]

then searched other occupied cells in the cellblock for additional evidence surrounding the deaths of the three detainees and/or additional planned suicides. The NCIS team searched for, among other items, handwritten notes that could be relevant to the three suicides, including anything that would reflect a suicide plan or pact. Notes were subsequently found in the cell of a detainee other than the three suicide victims. These notes were written in Arabic, and after translation, were considered to be relevant to the investigation and potentially authored by at least two of the deceased detainees. These notes were handwritten, many of them on stationery stamped "Attorney-Client Communication", "Privileged and Confidential", and "Attorney-Detainee Materials", in both English and Arabic.

4. The discovery of these notes led NCIS to expand the scope of the search to include handwritten materials in all enemy combatant detainees' cells throughout the Guantanamo detention facility beginning on 14 June 2006. The purpose of the expanded search was to pursue logical investigative leads concerning the deaths of the three detainees and to determine whether other suicides were planned or likely to be planned. On 14 June 2006, the NCIS team recovered personal items and papers, including legal material and other correspondence. The NCIS collected the written materials, not for immediate review by the investigative team, but for review at a later time due to the large volume of materials that was recovered and the need for translators. Approximately 1100 pounds of materials/documents were recovered during the searches. The materials collected from each detainee's cell and effects were separately bagged for eventual sorting and review.

5. On 18 June 2006, NCIS personnel began sorting materials from bags pertaining to eleven detainees. This process involved separating Attorney Client Privileged information from non-privileged information, and conducting a preliminary scan of non-

privileged information for items that could be of evidentiary value. Several items were discovered that were deemed relevant to the investigation, including one that contained instructions on tying knots. In addition, in the materials recovered from one detainee's cell was an original JTF-GTMO generated email that appeared to contain classified or sensitive information regarding cell locations of detainees as well as details concerning camp operational matters. While examining other materials from the same detainee to determine whether there were other potentially classified U.S. Government documents, the NCIS investigators discovered three envelopes that were marked as attorney-client privileged information. I looked at the contents of the three envelopes and determined that one of them contained a document with a "Secret" stamp lined out and marked "Unclassified" by an unknown individual. A second envelope contained a typed document stamped "FOUO." The third envelope contained documents that did not bear any classification or special handling markings. Neither I nor any other member of the NCIS review team read any of the documents in the three envelopes. I then suspended further examination of the materials due to the volume of materials, the apparent multitude of foreign languages within the materials, and the need for guidance regarding the handling of purported attorney-client material.

I hereby declare under the penalties of perjury that the foregoing is true and correct to the best of my knowledge, information, and belief.

VOLUNTARY STATEMENT

1. PLACE
CC #22D

2. DATE
12 June 2006

I, (b)(3):10 USC §130b,(b)(6),(b)(7)(C), make the following free and voluntary statement to (b)(3):10 USC §130b,(b)(6),(b)(7)(C) NAVSTA GTMO Security, whom I know to be a Patrolman for the Security Department.

I make this statement of my own free will and without any threats or promises extended to me. I fully understand that this statement is given concerning my knowledge of a medical emergency at Camp Delta

On 10 June 2006 I was working as a Patrolman for NAVSTA Security, and was riding with (b)(3):10 USC §130b,(b)(6),(b)(7)(At about 0030 I was dispatched to a 911 call to Camp Delta. The call involved an individual who had no pulse and was not breathing. At the time of the call, I did not know who the victim was. We responded Code 2, and we showed our JTF Badges to the checkpoint and were allowed to pass. We drove through the first Sally Port for Camp Delta, and there were JTF personnel who directed us to another gate. We drove through the second gate and there was a JTF MA who directed us down a dirt road towards the JTF Detention Hospital. At this point, the USNH Ambulance was behind us and followed us to the scene. We drove just past the building and stopped to look for the victim. (b)(3):10 and I exited our vehicle and saw some medical personnel direct the Ambulance paramedics towards the victim. (b)(3):10 the paramedics, and I carried the stretcher into the building and up a flight of stairs and through a set of double doors. We saw one victim sitting on a hospital bed who appeared to me to be dead as his feet and legs were blue. I did not see any other victims but I heard (b)(3):10 USC (sp) telling other personnel that there were two other victims in a similar condition as the first victim. (b)(3):10 and I stood by seeing if the paramedics needed any assistance and observed for about seven minutes while JTF medical and the paramedics tried to revive the first victim, with no success. The paramedics decided that since there was no doctor there at the scene, they were going to transport the victim to USNH. The paramedics loaded the victim onto their stretcher, and took him to their Ambulance. (b)(3):10 and I assist the paramedics with this. Once the victim was loaded, (b)(3):10 and I entered our vehicle and escorted the ambulance to USNH while operating in a Code 3 response. At USNH, we watched the paramedics transport the victim inside the ER at USNH, then left the hospital.//End of Statement//

The above statement consists of one page, typed by (b)(3):10 USC, in the presence of (b)(3):10 USC §130b,(b)(6),(b as we discussed the contents. The statement is true and complete to the best of my knowledge and ability.

DEPARTMENT OF THE NAVY **VOLUNTARY STATEMENT**	1. PLACE Bldg #1655 2. DATE 12 June 2006

I, (b)(3):10 USC §130b,(b)(6),(b)(7)(C) (b)(3):10 USC §130b,(b)(6),(b)(7)(C), make the following free and voluntary statement to NAVSTA GTMO Security, whom I know to be a Patrolman for the Security Department.

I make this statement of my own free will and without any threats or promises extended to me. I fully understand that this statement is given concerning my knowledge of

At approx. 0035, 10JUN06, myself and (b)(3):10 USC §130b,(b)(6),(b)(7)(C) were dispatched to Camp Delta in response a medical emergency. When I arrived at Camp Delta the Army personnel at Sally Port 1 opened the gate and we parked near the trailer that the Army personnel directed us too. At this time USNH personnel also arrived at Camp Delta. I assisted medical with getting their equipment from the truck to the room where the victim was laying. Upon arrival into the building I saw an individual that seemed to be unconscious and was not moving laying on a bed already receiving medical attention from the Corpsmen that were inside Camp Delta. When myself (b)(3):10 USC and another Corpsmen from USNH arrived at the room, (b)(3):10 USC and another Corpsman immediately assisted the Corpsmen that were already inside with trying to revive the victim myself and (b)(3):10 USC stood by close for extra assistance. As the Corpsmen were administering medical treatment there was a lot of running around into other rooms to assist with two other patients which I did not see. At this time an Army Colonel was at the location and was yelling for an emergency recall of all JTF personnel and went to a telephone to make phone calls. After several minutes of medical treatment the two USNH Corpsmen said that they needed a doctor and that the victim has to be transported to USNH so that a doctor can help. When they started to move the victim myself, (b)(3):10 USC and two Camp Delta Corpsmen assisted the USNH Corpsmen with the victim with getting him from the trailer to the truck and the two Camp Delta Corpsmen went inside the medical truck with them. After they loaded the victim into the truck myself and (b)(3):10 USC provided an escort for medical from Camp Delta to USNH. When we arrived at USNH the Corpsmen unloaded the victim and brought him inside USNH at this time I saw a doctor run out of USNH into another truck with another corpsmen on there way back to Camp Delta. Myself and (b)(3):10 USC requested to go back and assist anyway we could because we heard there were more victims and were told by our Dispatch to stand down.//

ISN NO 645 7

In the mane of Allah, the Compassionate, the most merciful

Praise is to Allah, may prayers and peace be upon the prophet of Allah. Henceforth.

My honorable detained brother / [redacted]
I am writing you this letter my brother [redacted] because you represented us in our previous strike, and because you were one of the committee member that represented us as detainees, in which it was dissolved by the camp administration.

My honorable and respectful brother / [redacted] I am writing to you my teacher [redacted] because you took our case, and you strived the utmost for it, because you did not have any supporting media as those lawyers had, those who are stepping over our backs, and using our wounds and pains as merchandise to sell it commercially, all of that was only for financial interests, and to show the falsely justice of America, especially when we knew that all the lawyers here were Americans only.

It is enough for us that you have a subjugated son detained with us, in which it indicates to us who honest you efforts were; your charitable will be through Allah. I am not here to expose the American Government repugnance that became well known in the whole wide world, but I am here with regards to those of faulty satisfactions, above them all, The Red Cross Committee, in which it has a direct roll for whatever we are suffering of, because it is covering the American Government repugnance since the first day, it is truly a conspirator when we knew that its roll is to hide the human form of this detention, if this Committee was honest of what it was declaring for a humanly roll, it would have had replied to our continuous demands to de released immediately out of this place...

I am informing you that I gave away the precious thing that I have in which it became very cheep, which is my own self, to lift up the oppression that is upon us through the American Government and the Red Cross evenly together, I will say to this low and faulty Committee (Either us, or you on this Island, that is why I disposed off my body out of this cell).

My family and the beloved ones, our reunion will be tomorrow under the shadow of the Great Lord's throne, this world is only a temporary stay, I am advising you of your children my brothers, and they are trustee upon you, they need to be brought up according the teachings of the prophet, may Allah' peace and prayers be upon him, worshiping and obeying to The Great, striving to satisfy Him, and carrying the same thoughts and principals, a person by his principal and concern, even though the value of it is an animal, and the thoughts he is carrying , but our glory is in the faith, If we asked for glory alone, Allah will demise us, o' you who seek glory, be aware of the devotion of Allah, so be adherent to Him.

TN: my translation begins here/linguist 121.

I'm advising you of Allah's piety and for doing what draws you closer to Him, by obedience and supererogatory and specially the maternal ties and be patient upon affliction are among the merits of the faithful, the attribution of the pious and those who follow the guidance of the prophets and messengers, so be very cautious, and only be busy with what is more useful and the relinquishment of the sorrow and the pleasure with Allah's predetermination and this you find both cheerfulness and peace of mind.

Be careful and observe the endeavor in obedience and the accumulations of rewards and charities and make your tongue moist (say a lot) with Allah's remembrance and fill your hearts with Allah's love and the contentment with his fate and be sincere in all your works.
And finally: I hope that you would forgive me and what has promoted me to write this is my keenness and longing to see my loved ones and due to my agony over separation from my family and friends and it's solace is found in the fact this separation is for the sake of Allah.
And I will not hide from you and mention what has passed and my tear would drop and my silence would prevail.

And peace be upon you and mercy and blessings of Allah.

Your son,
ALI ABDULLAH AHMED NASIR AL SALMI

In the name of Allah, the most gracious, the most merciful.

Allah says: (QUR'AN)

And may prayers and peace be upon who has said, " The real dark is the darkness of the Day of Judgment"

My name is: ALI ABDULLAH AHMED NASIR AL SALMI-my age is 27 years old --married- my country is Yemen and I memorized the QUR'AN, praise and gratitude goes to Allah.

I don't know how I start my story, however I know how I could end it and the fate is under Allah's hands alone; my story is story of an oppressed, compounded oppression under the hands of what is called, the United States of America. This state dealt us unjust before my detention and after it aided repressive political regimes in the Muslims countries and named them, 'strategic partners.' they have erected theses regimes over our skeletons and they have irrigated with our blood the thorns of repression and tyranny in those countries and all of that was for the purpose of attaining excessive economic gains, as acquiring oil and the like. The oil for them is more precious than our blood and they always have other aspirations never less in cruelty than the previously mentioned: as the endeavor to stabilize 'the alliance's governments' like Israel and the regime of Saddam Hussein previously, when it were reigning for long years and people like me and I pay the price.

The unjust is still going on and is expanding even after they have put me in prison for long years; they have used the errfing units and the burning gases on us, they desecrated our religion, our bodies and private parts and {word illegible} and all of this is know to the world and no use of further explanation.
We have rejected unjust, they have added more and repressed me, and I have went on hunger strike secretly so as not to be harmed by them- woe all the woe on those who object here, so I have went on hunger strike in a peaceful way, I have went on this for almost six months and just gave it up a few days back, I have given it up to safeguard myself against the American's oppression and I mean final relinquishment without return, God willing.
I have remained repressed inside a very cold metal box: they call it ' a solitary cell' I have came out of this box which is severely {word illegible} and the oppression of the soldiers and my intention was to put an end to

these ordeals, I'm not desperate and I swear to Allah not afraid, rather to the contrary, I know for sure, that my whole intention and the very harsh oppression under the hands of the people of evil, those who always wears the forged masks.
He's Uncle Sam {with his white beard and the blood running down his canine tooth} I see him become thin and sicker and on top of this his {illegible word} are still strong for he has managed to haul up my body with the rope of his oppression, which encircled my neck. My words have stopped and nothing left but some muttering, my eyes became white and I could hardly breath.
However, I made clear with my intermittent voice, delivering an expressive message.

My eyes popped out and I saw the truth

In the name of Allah, the most gracious, the most merciful.
Praise be to the cherisher and sustainer of the two worlds and may the prayers be upon his honest apostle.

To my dear wife, to whom has demonstrated the highest quality of patience and sincerity, to you my life's companion, to whom has assisted me on this road, I dedicate to you Salaam, if were to be sent to the skies, it would have become a gleaming moon and if descended on earth, it would have wrap it in silk and if mixed with the sea water, it would have turned the salty and not fresh water into sweet and fresh water.

I hope of the exalted patron that this paper reaches you, find you both healthy and energetic...blessed by the grace night and day and endeavoring to obtain His pleasure while picking from the gardens of obedience and worship, He's over all this omnipotent.
My precious wife, how much I have hoped of the lofty benefactor to reunite us in this world so as to continue the life's journey as we have started it together, but my solace is found in the fact that our gathering was over obedience and for the sake of Allah, and our separation was for the sake of Allah and my departure of this life is also for the sake of Allah.
My chaste wife, I swear by Allah, if it weren't because of shyness and reproof, I would have written you what myself and exposed what my heart, have for you, for you are my life's companion and the depository of my secret and my life's supporter, however, it's sufficient the necklace already surrounds and the wrist and if I were to write more and to use up pens, I would not be able to finish little of what the heart has for you.

My advise to you, is patience and more patience, if you received the news of my murder or martyrdom, as I consider it as sacrifice for the sake of Allah and draw closer with it to Allah, glory and mighty be to Him, rather, with it I would lift my head high as mountain's tops and the elevation of the sky and serves Allah's religion and so he would be pleased and accept from me and don't assume O my wife that I have not become afraid or despaired, and what has made me endured all the past five years is able to make me endure more, however, it's time to serve Allah's religion and I'm, during my detention is living moments that lifts the spirit in the realm of believe and faith in Allah and makes one taste the sweetness of faith and obedience, and for this, I'm both, patient and sacrificing in Allah's self.

My beloved wife, may Allah reward you handsomely good for your patience for long years or many epochs and in spite of this, you were patient and sacrificing in anticipation of (reward) and may Allah reward you for being both sincere and loyal wife.

And in this letter I provide every apology for you and request your pardon if I had done or said anything that caused you any disturbance or resulted in turbidity of your peace of mind and I would add,

If I have committed against you a wrongdoing in the past and acted in abhorrently, I have repented from what I did and your forgiveness accommodates the insulter, if he came back asking forgiveness.

At the end:

Say to a wife that has heart is afflicted, be patient, for tolerant is righteous

Sa, the arrows of treachery has surrounded him and became a martyr for the sake of his patron.

My wife, be generous in prayer, for a responsive Lord is oft lofty in his mighty.

My wife, be generous, for my creator have promised the beseecher to answer his prayer.

My dear wife, you are reminded by the wives of the all the companions, how they have sacrificed and strived in loyalty to their husbands and done good deeds for Allah. I ask of Allah to reunite us with you in heaven and I dedicate to you these verses.

Peace of Allah upon you, every time my longing increases. Peace upon you, every time I would tear, and every time the eyes become dry.

And if we became far away and our getting together became difficult,

And the barriers became between us and the oppressors squeezed hard my chains,

Our hearts embrace one another, an embrace of those who were familiar after separation and behind the barriers, we hope for a meeting, so we would renew our sweetly tasting ties.

With dream that would take us round and round as the phantom disappears without trace.

And would remember you, when the pigeons wail and when darkness falls on the waterwheel.

And when the breeze blows in the morning to moist the burning of my love.

And at the end, my advise to you is to draw closer to Allah by obedience and listen to what he has commanded and to avoid what he has prohibited (word illegible) I send you at the very end Salaam from the bottom my heart, filled with the roses scent and love and the scent of sincerity and the must of brotherhood, for your kind and noble self and to the entire family of yours and relatives and particularly my aunt and to those who prayed and asked about me
Peace, Allah's mercy and blessings be upon you.

In the name of Allah, the most gracious, the most merciful.
Praise be to Allah who guided, favored and given and blessed, been generous and then, may prayer and peace be upon the messenger as mercy to the worlds.
To Mohammed's nation, to the entire Muslim world, to who has accepted Allah as lord and Islam as religion and Mohammed as an apostle and prophet, to whoever has known the meaning of ' no deity but Allah' and did according to; peace, Allah's mercy and blessings be upon you,
From where I shall begin as the letters are not complying and I have nothing to do, only the memories are what left fro me.

At the beginning, I send you my all love and brotherhood, sincerity and locality
I have never one day been alienating and neglecting you.
Or denying your favors, but it's only Allah's religion and the work and sacrifice for its sake.
But, it's Allah's love and desire to look at his honorable face and but, it's love to irrigate the Islam's tree and to bring about glory to it and it's love for the sons of Islam and the new generation, so as they would live with dignity and honor on top of the mountains and it's also an answer to Allah's call and to catch up with the prophet's and companions flock.
Considering the condition of our nation, I found all repression, oppression and every possible meaning of slavery and tyranny, but, I have witnessed glory and got of its well and drank from it's spring by implementing Allah's and the apostle's command.
O my loved ones don't ever think I'm afraid of what had happened to me or I have been afflicted with desperation, and may God forbids.

Praise be to Allah and gratitude for five years of captivity, demeaning and slavery and sorts of torture under the hands of those who cares none for you and are disbelievers, however, it passed by Allah's grace and praise be

to him for being well and for being surrounded by Allah's blessing and we have tasted the sweetness of faith and Allah had relieved us a lot.
What I have done is only one of the basics of the religious duties that make one become close and proud when finally meets with Allah, for he's the only prescient.
And knows what I have intended when I decided to carry out this, so, came theses lines which I have put between your hands, perhaps, it revives the hearts of those who knows and to awaken the endeavoring and victorious.
So, in captivity, we were tireless and our determination never decreased over our duty towards Allah's religion. So, be cautious, the Muslim's nation and our virtuous scholars and Allah, Allah, to every person who has a sense of honor towards Allah's sanctities which has been desecrated.
And Allah, Allah, to every one whoever responded to the exclamations of the chaste and pure (women) and, Allah, Allah to those who saw what has happened to our kind mothers, when they scream in real need and call and I send it to every heart and it's for rendering victorious Allah's religion and everyone as he/she capable of and Allah I ask of to render us glorious with Islam and render Islam glorious with us and to use us to victor his righteous religion and to bestow on me both truthfulness and blessing on what I say or does, and over all this he's omnipotent.

May peace, Allah's mercy and blessing be upon you.

الحمد لله القائل «إلا الذين آمنوا وعملوا الصالحات وذكروا الله كثيراً وانتصروا من بعد ما ظلموا وسيعلم الذين ظلموا أي منقلب ينقلبون».

ثم الصلاة والسلام على من قال «الظلم ظلمات يوم القيامة».

أما بعد

أنا سيد أحمد عبد الله محمد ناصر الشمري - عمري ٢٩ عاماً - متزوج - بلدي اليمن - أحفظ القرآن والله الحمد والمنة.

لا أعلم كيف أبدأ قصتي ولكني أعلم كيف أنهيها، بانتظار جيد الله وحده، قصتي قصة مظلوم ظلم وركب على يد الساسة والدوليات الكبرى بأمريكا. خلقنا هذه الدولة قبل أسرى بعد أن دعمت أنظمة سياسية قمعية وأسستم "مركز كاراسيتر التحقيق" من بلاد المسلمين بغير حق. لأن نظام عدو الكيان ما شاء الله الشيخ الذي استهدافنا بالأدلة على ذلك الدور جهدك إلى أحد أن ما يدبر جشعه كالمصدر على النفط وما شابه ذلك، فالنفط بالنسبة لهم أغلى من دماء شعوبنا وأحداث أخرى لا تنتقل من الذي يشاء عن سؤل لسمو إلى مستوى «الأنظمة الحليفة». مثل: هرائل نظام صدام حسين بما عنه ما دمره لسنين طوال من أنا وأشالي مدفع بشكل.

لم يزل الظلم يمتد حتى جدنا وجعلني لسنين طوال في قفص الاتهام! منزلي! يستخدم مراطينا قوات بشكل والغازات الحارقة أقاربنا وجيراننا وأجدادنا وعلى رأسنا ... وكل هذه صورة للعالم ظلام شنيع في شرعها.

رفضت الظلم، فصرت رائداً ظلوم، أخرجت من الظلام مرآة حتى لا تستطيع أن يبصرهم، فالدليل كل الدليل لمن يعترض جناحه أو أخرجت من الظلام بشكل سلمي، أخرجت من الظلام قرابة سنة أشهر وخرجت من الخرائب منذ أيام فقط - طردت منه كما أخرج منه العالم الظلم الأمريكي، أو أقصد خروجي نحو الحرية! نشاء الله.

أكملت مشهد آخر أنا في جهنم حتى صدري شديد بمرور بعد سيدنا ولنزانة عزل - خرجت من ذلك الصندوق الذي يشتد فيه أذى رفاقي بالجنود من لهيبي أن أضع هذا الجهد بشنائع. لست ما فعلها ولكن لست جازماً أبداً على العكس أعلم علم اليقين أن كل شيء ظلم خالم شديد على يد أحد الشر الذين دائماً يلبسون أقنعة زائفة.

هاهو بعي سام [illegible] بالعقوبة [illegible] أبداً. تدفعني رائداً مرضاً [illegible] ذلك لم تزل مساعداً تدريبنا حيث استطاع رغم جسدي بجبل ظلمه الذي يلتف حول عنقي؟ ... انقطع كلامي لم يعد عنا لله! الأخاء أن منقطعه جحظت عيناي وتقطعت أنفاسي ...

ولكني أذكر صوتي المتقطع أوصل رسالته بلغه .....

وعيني التي جحظت أبصرت الحق ....

In the name of Allah the Most compassionate the most Merciful

Praise be to Allah who said (but indeed if any do help and defend themselves after a wrong (done) to them, against such there is no cause of blame. The blame is only against those who oppress men with wrongdoing and insolently transgress beyond bounds through the land, defying right and justice; for such there will be a penalty grievous) prayer, peace be upon the our prophet MOHAMED and his companion all. Then....
My name is YASIR TILAL ABDULLAH ALZAHRANI, I was seventeen years and three month old when the Americans have bought me from the northern alliance, now I am twenty two years old, and Allah blessed me with memorization of the Koran, praise be Allah.

I have written this testament to whoever want to read it, and says: the days, and months are passing, and the years are passing day after day, month after month, year after year, and our hands are still chained and our bodies are inside the cages without wrongdoing or crime except, we are Muslims, and fit to be sacrificed for the sake of a big American political game. And how many they were articles, and publication and conferences and others, which talk about the humiliation of our religion and the aggression against our honor, and the physical and mental torture almost practiced on a daily basis under the hands of those who claim just and peace, however all the above produced no result.

Now, I am writing the second letter to the world in general and to our nation in particular. The first letter was about my (hunger strike) which lasted for six months, that letter has been torn by the hands of the Americans when they used the large feeding tubes that which torn apart the stomach and noses of those who were in hunger strike because of the insertion by force on 'the chairs of torture,' and by placing them in a very cold climate and dragging them on the steel and by leaving them chained for long hours in cloth stained by blood, vomiting and urine, and more. And this is after the American government had ordered the administration of the camp to stop the strike by any means, it is true after that most of those who were in hunger strike had stopped, except for a hand full of people which are still undergoing different sorts of pressure's methods until this day.

They did all that so this letter wouldn't reach the concerned parties and so as this game not to be exposed to the entire world; after that no one would think about going into strike again and as it has been the custom of those who pretend to be just and peaceful, the administrations that implements the US. Government policies have used new methods to coerce the hijacked detainees to keep them quite with regard to the oppression and so as not to object their indefinite detention. And, in fact, the American would tailor the allegation that suits each hijacked in Guantanamo, so as to cover up their grave failure to obtain victory in their alleged war against terror. They had tried all the physical and mental methods of torture from the first day they bought us, and this didn't produce any result for them, their intention was to force us to abandon our religious principles and specifically our demand to end oppression, and when they couldn't realize what they want, without any consideration to the animals rights let alone the human rights, they desecrated the sanctity of religion by forbidding the Azan (announcement for prayers), and the prayers in groups, humiliation of the Koran, and by assaulting our honor by improperly searching our body, and so many other physical and mental methods such as; sleep deprivation for tens of days, up to thirty days; forcing us to shave our head and

beard, the using the erffing unit; the use of a continuous oppression, isolation in cells made of steal, the disallowing talking; the usage of extreme cold, extreme heat, the prevention of vital medication, and more. All under the eyes and the ears of the world, and in front of the Red Cross representatives whom the Americans had used as a cover up before the world for their criminal acts, who also promised the American that they wouldn't reveal their criminal actions… Allah is our helper.
Because of that, when I found out that my first letter did not reach, I decided to send the second one, but this time it would be through the post office, and the envelope is a cruel rope the Americans have made, the postal stamp is intermittent breathing and a painful gargle. I hope that every one, learned or illiterate, would understand this letter.
A letter from the oppressed who had suffered indirectly from the American government and indirectly from the American's lawyers who were only came here for media purposes and to obtain fame at the expense of others and also to enhance the American's image which has been stained lately. (This letter for the honest not the dishonest), I am fully contented doing that, and after I had thought about it, perhaps this may help remove the oppression form us, and towards this, there would be neither fear, nor desperation and no one forced or lured me into this doing and with that I'm indebted to Allah; this soul is cheap (his soul) for the sake of Allah and the removal of oppression and I ask of Allah to accept it from me and to bestow upon me the highest paradise and resurrect me among the green birds (TN: term used to mean those already blessed with paradise and living its eternal bliss), and my death is nothing compared to thousands of Muslims who died in Iraq, Afghanistan, or Palestine and the rest of the world where the America's alliances are ruling, and the hunger strike means nothing compared to the death of million of Muslim's children in Iraq under the banner of the economic sanctions which has been put in force by America and its alliances. I ask Allah to remove the oppression from the nation of Islam and whoever provides assistance to them against the Islam and the Muslims.
Finally, I advise the nation of Islam to be steadfast and work to lift the oppression and you should know that the true sacrifice would emerge at crucial time, we had lived the fragile and painful period, the victor and its sweet taste, and we don't fight the enemy with armament, but we fight them with this religion, and know that our struggle to remove the oppression depends upon our commitment towards Allah's religion, and it's the latent force that we seek protection from, it's the protection of our doctrine.
I advise our nation's scholars, I advise you, to fear Allah in yourself and in your knowledge, and in your nation, and not to abandon the nation of Islam, the repressed And if you are not able to say the truth, don't say untruth, you are responsible for your knowledge and spread Allah's religion which rejects oppression, as he say, the Gracious and Exalted and his prophet's Sunna (peace, Allah's prayer upon Him)
I say to the Muslim's youth, sacrifice your precious life and get prepared to remove the oppression of your repressed nation (O Allah I have made known, so be witness),
My final prayer is praise be to Allah the lord of the worlds,
From Cub's captive and the servant of Islam and the oppressed one, by his soul,
(YASIR TALAL ABDULLAH ALZAHRANI)

From: YASSIR KHILLAL Abdullah
To: SA-682

Translated: 14 June 2006

"In the name of Allah the compassionate the most merciful"

To my older brother [redacted] may Allah bless you! To my brother and friend [redacted] peace be upon you, so with the mercy and blessings of Allah.

Hence, I am sending this letter to my brother [redacted] whom I have heard about his great efforts. It has been five years of work, trying to release the detainees from Guantanamo. He has done his best to get those (detainees) to their families so they get to see them. Therefore, I ask Allah not to deprive him from the reward in the hereafter.

I am also sending this letter to my brother [redacted] whom has represented me during the peaceful protest "Hunger strike" He was on of the brothers who ended things, by talking to Detention Operation Command in regards of our affairs.

(TN:1)Brother, I want you to know that I have come to do something in which I am depreciating my soul. I have never done anything like this before. The only reason to that is, because I see this as a reason in Allah's willing! I reason for this oppression and aggression to be lifted-off throughout our detention. This is all committed by those who claim to be fair, and protective of human rights. All this time they have been hiding behind that Red Cross's veil. Likewise, the Red Cross was concealing their violations against our religion and against us too. The Red Cross was aware of such acts of violence. Also, their existence on this island is an indirect religious conspiracy! However, if this committee was truthful about their contentions, they would've taken measures from the early days of its presence here. Allah has willed to reveals those scandals before the world. This was shameful to the U.S, for this revealed the true face of the U.S. However, they started a new game by including American lawyers in order to wash the stain away from their faces. They wanted to achieve their goals throughout claiming that they are defending our rights.

The reason behind this letter is to clarify the truth so that you can show to the rest of the world (people) this conspiracy.

As for you brother [redacted] you have heard a lot in regards of our tragedy. You have also met with some who were released from these prisons.

As for you brother [redacted] you have suffered along with the rest of us. You have also witnessed the tragedy and you are still living it.

Finally, I ask Allah not to deprive us from the greatest award, we ask him to respond to our pleadings so that we can be saved from this oppression against our religion and against our brothers. May Allah reunite us in him merciful home, for He is capable of everything!

"In the name of Allah the compassionate the most merciful"

To my older brother [redacted] may Allah bless you! To my brother and friend [redacted], peace be upon you, so with the mercy and blessings of Allah.

Hence, I am sending this letter to my brother [redacted] whom I have heard about his great efforts. It has been five years of work, trying to release the detainees from Guantanamo. He has done his best to get those (detainees) to their families so they get to see them. Therefore, I ask Allah not to deprive him from the reward in the hereafter.

I am also sending this letter to my brother [redacted] whom has represented me during the peaceful protest "Hunger strike" He was on of the brothers who ended things, by talking to Detention Operation Command in regards of our affairs.

(TN:1)Brother, I want you to know that I have come to do something in which I am depreciating my soul. I have never done anything like this before. The only reason to that is, because I see this as a reason in Allah's willing! I reason for this oppression and aggression to be lifted-off throughout our detention. This is all committed by those who claim to be fair, and protective of human rights. All this time they have been hiding behind that Red Cross's veil. Likewise, the Red Cross was concealing their violations against our religion and against us too. The Red Cross was aware of such acts of violence. Also, their existence on this island is an indirect religious conspiracy! However, if this committee was truthful about their contentions, they would've taken measures from the early days of its presence here. Allah has willed to reveals those scandals before the world. This was shameful to the U.S, for this revealed the true face of the U.S. However, they started a new game by including American lawyers in order to wash the stain away from their faces. They wanted to achieve their goals throughout claiming that they are defending our rights.

The reason behind this letter is to clarify the truth so that you can show to the rest of the world (people) this conspiracy.

As for you brother [redacted] you have heard a lot in regards of our tragedy. You have also met with some who were released from these prisons.

"In the name of Allah the compassionate the most merciful"

Praise to Allah who has granted us Islam as a religion! Graced be his name for satisfaction is by worshipping Him only and not other as a partner. ***"Verily, this is my way leading straight: follow it; follow not (other) paths: they will scatter you about from His (great) path."*** He, send to us His messenger so that he can emphasize pure (white) love; so that we can be saved from eternal death. Allah prayers and peace be upon him!

Hence, my (none biological) brothers, peace be upon you, so with the mercy and blessings of Allah. In the beginning I would like to tell you that I do love you brother through Allah. Therefore, I ask Allah the most capable to protect your faith, forgive your vices, be merciful upon you during your weakness, release you from your captivity, and heal the ill ones. I ask Him grace His name to relieve you from your troubling and to strengthen you on this earth.

My MUJAHIDEEN (strugglers) brothers, as you have seen the enemies of Allah and their elusiveness. You see how they are trying to humiliate our religion and our book (Quran), and their assault against (women) our honor. They have created animosity among you, by recruiting some of our brothers than were eluded by their (Americans) games. They are exhausting their faith, voice, and using all kinds of black magic against them for as long as five years. This oppression continues without any justification.

Therefore, I have decided this time to come up with a very truthful (honest) answer that is going to be explained in the following lines through sacrifice and speaking with a comfortable soul which doesn't know the meaning of desperation and boredom! ***I will sacrifice my worthless soul for your sake (Allah's lions) hoping that this might have you released from your captivity. Thus might benefit Islam and all Muslims!***

Allah is my witness grace His name, I wash my hands from the Red Cross in my mind, the lawyers, the United Nations, all Human amnesties, tyrant Arabs and non-Arabs, all the courts, Geneva Convention, (Arabic, western, and international) media.

Through this work, my goals are as following:

1- To prevent them from insulting the Quran and to stop them from handing it.
2- To stop them from insulting our honor and (our private parts).
3- To stop all the psychological and physical assault carried against our imprisoned brothers.
4- Rescuing all the week Muslims through out the world from falling in the hands of an aggressive enemies (The Americans).

Finally, my beloved and the most virtuous; I want to tell you, fear Allah all mighty. Be kind to Allah, for He will be kind to you! Be patient! You don't need

my advice, follow Allah's path! Close all doors of evil! Distant yourselves from gasping, disagreements, and separation among yourselves! Don't let the infidels to close you behind doors.

I advice you to take good care of non-Arab brothers, the ill ones, and the week ones too; be generous and relieve them from their troubling. Don't soften before the infidels! Show them that we are determined for because are superior if you were believers. You will live in the eternity and purity of justice. Paradise is eternal. Fear Allah! Do the good deed, and avoid wrongdoing! Continue your Jihad for the sake of Allah, for you will be glorified in this world and hereafter! Our last supplications, praise to Allah, Lord of the worlds.

"In the name of Allah the compassionate the most merciful"

In the name of Allah, peace and mercy upon his messenger Muhammad, his family, and his followers.

Hence, as you all know the situation in this prison is worsening. They are insulting Allah's book. They are aggressive, hatred, and harmful to those who are faithful to their faith, honor, minds, and bodies. For the past four years, there has been continuous psychological and physical harm; especially in isolations at Romeo, Echo, and camp five. The enemies of Allah have declared war against us. I ask Allah to through our work, to glory His book and religion I ask Allah save his believers, those who worship Him. I ask Allah, to release them from their captivity, and to diminish the infidels! I ask Allah, to resuscitate the Muslim youth.

I advice you to fear Allah and to work through faith, this religion will not rise without sacrifice.

ABIN Al QEAM said, ***"Life is faith. Therefore, there should be jihad until death."*** I advise you to group together, listen, and obey. Don't disagree! Clear everything with Allah. Be pure in heart among yourselves.

What I have done, was not because I was superior, but because I was inferior to you. ***I also, know that when you leave you will benefit Allah more that me. Forgive me! Don't forget about me in your supplications. Increase your love to Allah, and fear Him!***

"In the name of Allah the compassionate the most merciful"

To my dearest brother [redacted] peace be upon you, so with the mercy and blessings of Allah.

Hence, my brother; I hope that Allah make this letter get to while you are good health and wellbeing like a believer that challenges the impassable.

Brother, I don't know where to start! Do I start at zero? Should I start from the beginning? Should I start from where they have placed handcuffs over my wrists? Or should I start since they brought me here?

I don't know how to explain to you my joy and happiness! Do you remember the times that we have spent together had by hand? This was done for the sake of Allah and not for this world.

My beloved brother, I will not hide from you the things we go through here. Hardship, I have gone under hunger strike. I was hoping to archive what I have wished for! However, Allah will is grater and He intervened.

Time has come to implement "The SHARIA: Islamic laws" This was the greatest thing, which I have been waiting for! I bring to you good tidings, to comfort your heart. I will presume work after I have consulted Allah grace His name. I've hoped to meet you, but time didn't allow me. I was also hoping that no one will beat me to it!

My precious brother, I want you to hear the good news, be happy, and proud for (1)we have left not for the sake of coming back (returning).

If Allah accepts me, then don't forget to write to the family and tell them the good news in Al-MADEENAH I meant, at home, at the shop, or anywhere to which you would like to write.

If Allah wills for you to be released, then I want you to take good care of my parents. Filial devotion to them and I will be kind to you in Allah's will! We ask Allah for guidance towards our curriculum. (2)Hopefully, we will meet soon in Allah's willing in His eternal paradise.

I will never forget you brother! Peace be upon you, so with the mercy and blessings of Allah.

693…Sender: your brother Ali Abdullah Ahmed NASSIR Al-SALMY
Note: I wan to forgive me, for all my wrongdoings! I want you to ask the parents on my behalf, for forgiveness; especially, the family and the brother in general. 7/6/2006.

TN: (1) Metaphorically in Arabic he meant that he might expect to death.
(2) From the sentence above he is indicating that once he parishes they will meet again in heaven.

في يناير – كانون الثاني 2004 ، تم إرسال [redacted] إلى معتقل في أفغانستان تديره الولايات المتحدة ، ثم تم نقله إلى جوانتانامو حيث أصبح واحدا من عشرة معتقلين وجهت إليهم تهم رسمية بارتكاب جرائم ، من أصل 480 معتقلا.

ولكن [redacted] يدفع بأنه يجب إسقاط القضية كلها. وقد صرح قائلا: "على حد علمي لا يوجد دليل ضد [redacted] إلا ما أدلى به تحت وطأة التعذيب".

الأدلة التي تم الحصول عليها بواسطة التعذيب لا يعتد بها في محاكم الولايات المتحدة . ولكن اللجان العسكرية في خليج جوانتانامو لم تكن تأخذ بهذا الحظر حتى الشهر الماضي عندما تم إضافة قاعدة قبل أن تصدر المحكمة العليا قرارا توضيحيا في الموضوع . وعلى الرغم من ذلك ، يقول محامو الدفاع وجماعات حقوق الإنسان إن قواعد الأدلة المخففة جدا وتسمح بأدلة سرية وشهود مجاهيل مما يجعل مسألة فحص الأدلة التي تم الحصول عليها بصورة قانونية مسألة مستحيلة .

وعلى الرغم من ذلك ، فإن الإدعاءات بالتعذيب أدت إلى الإفراج عن أحد المشتبه فيهم الرئيسيين في العام الماضي [redacted] الأسترالي الجنسية و المتهم بأن كانه على علم مسبق بهجمات 11 سبتمبر كان على شاير تلقى إتهام رسمي من قبل المحكمة العسكرية ، إلا أن المسؤولين الأمريكيين أطلقوا سراحه فجأة في أستراليا بعد أن ظهرت ادعاءاته بتعرضه للتعذيب في مصر بمنفى المافيا إلى العلن. و كان [redacted] ، [redacted] ، قد وصف التعذيب المزعوم في مذكرة قدمها للمحكمة الفدرالية. "لقد أطلقوا سراحه لأنهم لم يريدوا التفاصيل حماية تسليمه أن تصبح محلا للإستعلام من جانب المحكمة الفدرالية ،" قال [redacted]

البحث من مرصد حقوق الإنسان جون سيفتون ، الذي يقوم بتمشيط مستندات جوانتانامو المفرج عنها حديثا بحثا عن معلومات جديدة عن عمليات التسليم و التعذيب ، قال إن تعذيب المشتبه فيهم بالإرهاب سيجعل محاكمتهم فيما بعد أمرا صعبا و تزيد من فرصتهم في أن يذهبوا أحرارا.

مسؤولو البنتاجون يقولون إن الولايات المتحدة لا ترسل المساجين إلى دول أخرى لتعذيبهم ، و لكنهم لا ينكرون توكيدات المعتقلين بأنهم قد أرسلوا إلى الخارج " سياسة الولايات المتحدة تفرض معاملة المحتجزين معاملة آدمية ،" قال العقيد شيتو بيلر ، المتحدث من جوانتانامو ، الذي حذر أيضا من أن أعضاء القاعدة مدربون على الإتيان بادعاءات زائفة.

في جلسات استماع تمهيدية في خليج جوانتانامو لتقرير ما إذا كان المعتقلون "مقاتلين أعداء" ، قام مسؤولو المحكمة العسكرية بسؤال المساجين عن كثب بشأن المعاملة التي تلقوها في سجون أجنبية. و حينما قال المحتجز السوري تلقى [redacted] لمسؤولي المحكمة العسكرية إنه قد اعترف بشأن خطط لمهاجمة الولايات المتحدة ليلة رأس السنة 1999 تحت الضغط خلال استجواب جرى في الأردن ، سألوه عن ماهية الضغط الذي تعرض له. "إذا فقط نريد التأكد من أنك لم تقل شيئا غير صحيح بفعل التعذيب أو الإكراه ،" قال له ضابط من المحكمة العسكرية ، على حسب ما تشير إليه محاضر الجلسة. "لم تقم أية سلطة أمريكية بإساءة معاملتك بأي شكل؟" فرد [redacted]: "لا أرغب في الإجابة على هذا السؤال."
