INTELLIGENCE AGENCY

SUBJECT: USDRE Testimony before the Senate Commerce Committee

It is expected that the Under Secretary of Defense for Research and Engineering will be asked to testify before the Senate Commerce Committee again early next year on DoD activities in aeronautics and space. In order to prepare for this, it is requested that you update the material furnished by your 11 January 1979 memorandum, subject: USDR&E Testimony before the Senate Commerce Committee. Your material was used in preparing Section II, Soviet Space and Aeronautical Activities in 1978, of Dr. Perry's statement, a copy of which is attached for your information.

If you have questions, please contact Mr. Howard Barfield, 697-8157, on my staff who has the responsibility for the overall statement preparation. I would appreciate it if you could provide your input by 9 January 1980.
